

Wholesale Pricing for Human Hair

We offer competitive wholesale pricing for people ordering human hair over 2 lbs (8 packs) of hair. You must provide us with a valid business license for wholesale human hair orders. This solution is great for hair stylists or people wishing to resell quality human hair.

Please email us your request and make sure to mention your hair requirements (desired products and quantity) so we can do our best to give you the most accurate quote. Wholesale human hair orders may take from 2 to 3 weeks depending on our product stock. We will ask you for a copy of your business license for tax purposes.
